

# Real Madrid Stadio Santiago Bernabéu

Libretto 1

# HALA MADRID!

Definito dalla FIFA il “Club di calcio di maggior successo del 20° secolo” e sostenuto con passione da 600 milioni di fan in tutto il mondo, il Real Madrid Club de Fútbol è uno dei nomi più famosi del calcio mondiale. Fondato nel 1902 e situato nel cuore della capitale spagnola, il club del Real Madrid continua ad essere di proprietà e gestito dai suoi 90.000 *Socios* (soci).

Lo stadio Santiago Bernabéu vanta una capienza di 81.044 spettatori ed è stato la cornice di tante legendarie vittorie dei *Los Blancos* (i bianchi), così come di innumerevoli finali UEFA e FIFA. Con il club che celebra il suo 120° anniversario, quale occasione migliore per presentare la versione LEGO® di questo iconico tempio del calcio? Buona costruzione.

## Costruire una leggenda

Quando Santiago Bernabéu fu eletto presidente del club nel 1943, sognava di costruire uno stadio all'avanguardia con una capienza di 100.000 spettatori. I critici definirono il suo progetto troppo ambizioso e "faraonico", ma Bernabéu perseverò, e dopo tre anni di costruzione, il Nuovo Stadio Chamartín fu inaugurato nel dicembre del 1947. Era uno degli impianti più moderni del mondo e sarebbe stato testimone di alcune delle vittorie più avvincenti della storia del Real Madrid. Nel 1955, il club decise di celebrare la visione di Santiago Bernabéu ribattezzando lo stadio in suo onore.

Opuscoli consegnati ai membri e al consiglio di amministrazione

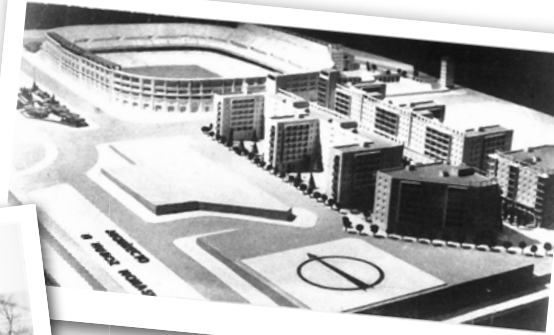

“ Madrid,  
Madrid,  
Madrid.  
**HALA MADRID!**  
...y nada más,  
...y nada más,  
**HALA MADRID!**”

*Inno cantato dai tifosi del Real Madrid*

# Una storia di successi

Modello del progetto del Nuovo Stadio Chamartín.

Il nome del club viene cambiato in Real Madrid dopo che il re Alfonso XIII concede il titolo di Real (Reale) al club.

Il nome ufficiale era "Campo del Real Madrid Fútbol Club", ma i tifosi lo chiamavano "Chamartín".

1902

Il Real Madrid Club de Fútbol viene fondato il 6 marzo 1902. La squadra gioca su un terreno adiacente alla vecchia arena della città e usa la taverna locale come spogliatoio.

1920

1924

Nel 1924, il Club costruisce il Vecchio Chamartín, uno storico campo sportivo con una capienza di 15.000 spettatori.

1932

Il Real Madrid vince il suo primo titolo nazionale dopo l'istituzione della lega sportiva professionale, *La Liga*, nel 1929.

1939

Il Vecchio Chamartín, con una capienza di 25.000 spettatori, riapre dopo la sua ristrutturazione.

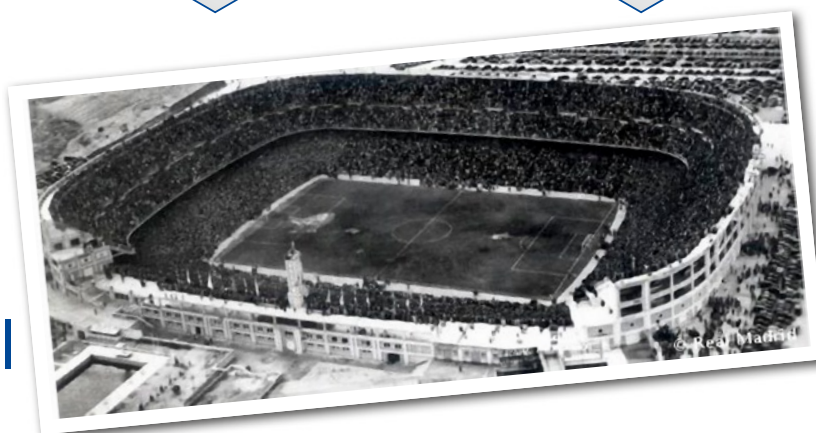

Santiago Bernabéu avvia la costruzione del Nuovo Stadio di Chamartín.

1943

L'ex giocatore Santiago Bernabéu viene eletto Presidente del club.

Vista perfetta del Nuovo Stadio di Chamartín in un giorno della partita.

1947

Il Nuovo stadio Chamartín viene inaugurato con una vittoria per 3-1 sulla squadra portoghese dell'Os Belenenses.

È Sabino Barinaga a segnare il primo gol in questo stadio nella partita di inaugurazione contro la squadra portoghese dell'Os Belenenses.

1952

Inizia la costruzione della seconda fase dell'espansione dello stadio per portare la capacità a 125.000 spettatori.

1955

I membri del club decidono all'unanimità di cambiare il nome dell'impianto in *Estadio Santiago Bernabéu*.

Il Real Madrid vince la Coppa Europa nel proprio stadio battendo la Fiorentina per 2-0.

1957

Il Bernabéu diventa lo stadio meglio illuminato d'Europa grazie all'installazione del nuovo impianto di illuminazione.

1957

1960

Il Real Madrid batte la squadra argentina del Club Peñarol per 5-1 nella finale della Coppa Intercontinentale.

1969

Inaugurazione dell'illuminazione esterna dello stadio.

1972

Il 25° anniversario dello stadio viene celebrato con l'installazione di un tabellone elettronico, il primo in un club spagnolo.

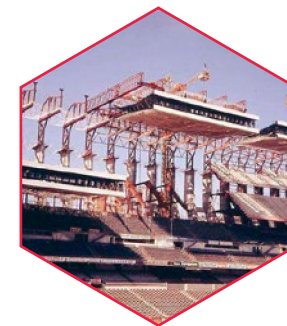

1980

Inizia la ristrutturazione dello stadio in preparazione della Coppa del Mondo del 1982. Una tettoia in metallo copre il 75% degli spalti, mentre la capienza viene ridotta a 98.776 spettatori.

Il Bernabéu ospita la finale della Coppa del Mondo tra Germania e Italia. Gli italiani sono incoronati campioni del mondo al termine di un'emozionante partita conclusasi con la vittoria degli Azzurri per 3-1.

1982

1992

Iniziano i lavori di ristrutturazione per modernizzare lo stadio. 20.000 nuovi posti vengono aggiunti spostando più in alto il tetto costruito nel 1982.

Il Real Madrid festeggia il 50° anniversario dello stadio vincendo il campionato nazionale.

1997

Viene installata una nuova superficie con un mix di erba naturale ed erba realizzata con 17 milioni di fibre sintetiche.

2002

Festeggiamenti all'Estadio Santiago Bernabéu per la conquista dello scudetto nella stagione 1996-97.

“ Uno scenario pieno di emozioni che definirà il futuro del Real Madrid, il più grande stadio del mondo”.

Florentino Pérez, Presidente del club

L'UEFA assegna al Santiago Bernabéu lo status di Stadio d'Elite, la categoria più alta possibile e un requisito essenziale per continuare a ospitare le finali più importanti.

Lo stadio ospita la finale di Champions League tra l'Inter e il Bayern Monaco, che vede la vittoria della squadra italiana per 2-0.

2007

2010

2018

2020

Pietra miliare nella storia del calcio: per la prima volta, la finale della Copa Libertadores non viene disputata sul continente americano. Il River Plate sconfigge il Boca Juniors per 3-1 conquistando l'ambito trofeo.

Iniziano i lavori per rinnovare completamente il Bernabéu. I piani includono l'aumento dell'altezza dello stadio di 10 metri e l'aggiunta di un tetto apribile.

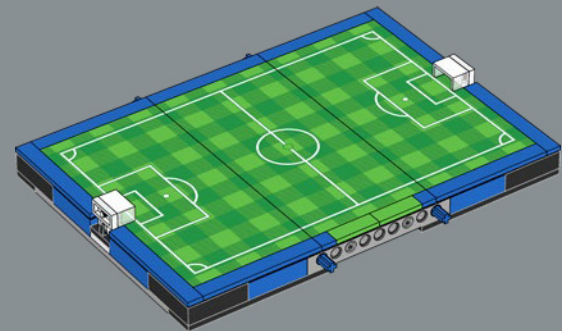

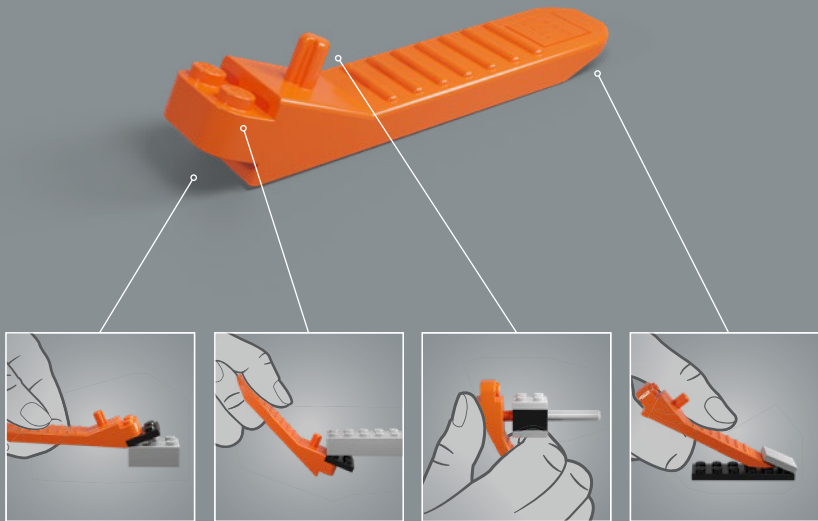

## Il design team

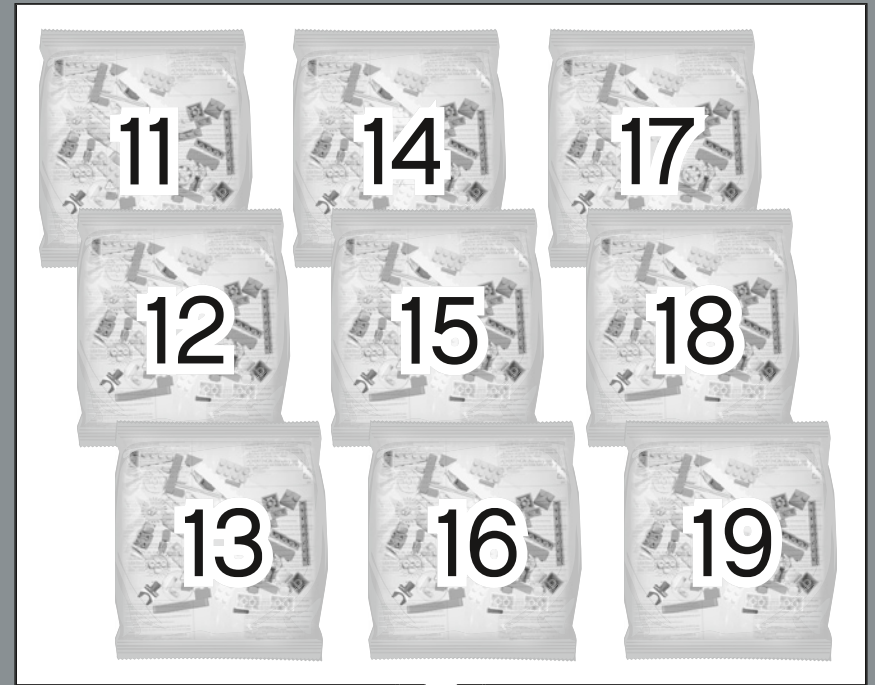

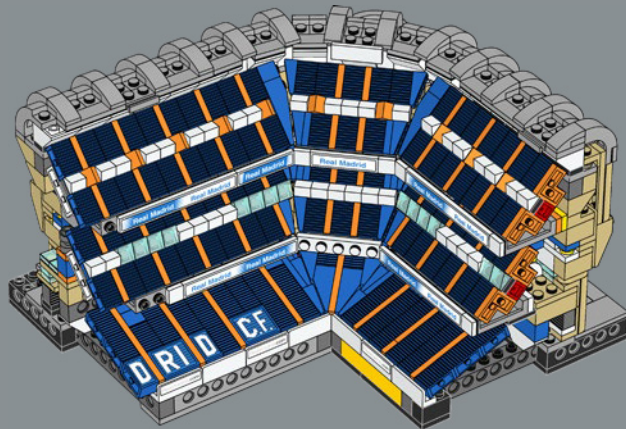

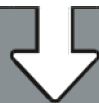

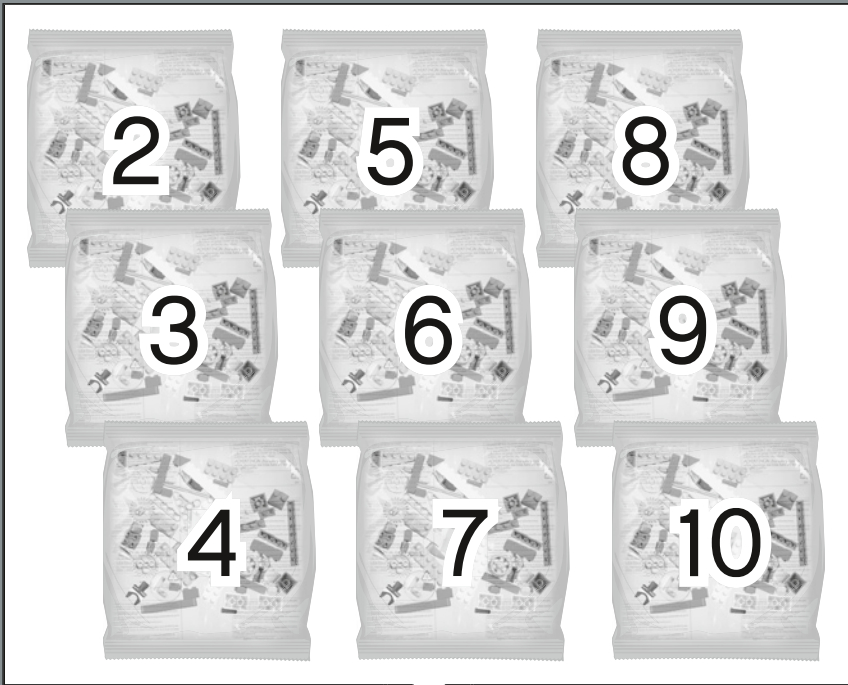

*Uno degli aspetti più emozionanti di questo modello è stato esplorare la storia dell'Estadio Santiago Bernabéu. L'impianto è ricco di piccoli tesori invisibili di epoche passate. Quando costruiamo la prima fila di posti a sedere, viaggiamo indietro nel tempo, fino allo stadio negli anni '40. La galleria ci riporta invece negli anni '50 e il tetto risale agli anni '80 quando fu disputata la finale della Coppa del Mondo qui. Nascosti in tutto l'edificio ci sono i ricordi dei tifosi, l'entusiasmo e le delusioni vissute in occasione delle tantissime partite che si sono svolte su questo campo per 75 anni.*

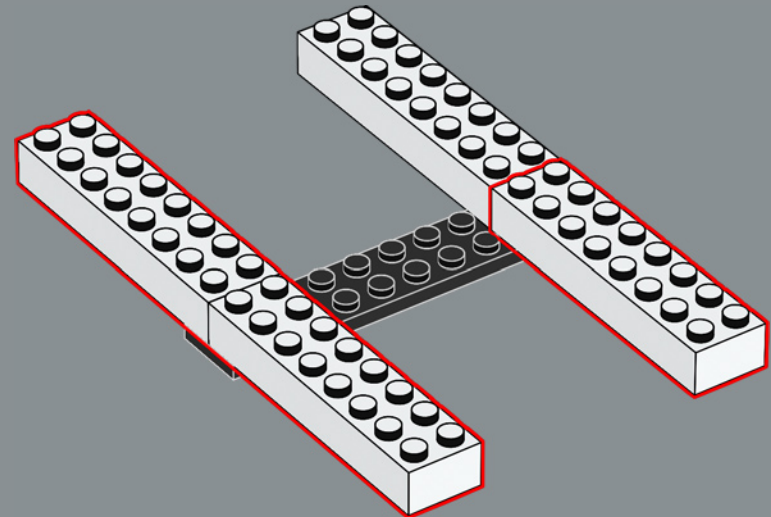

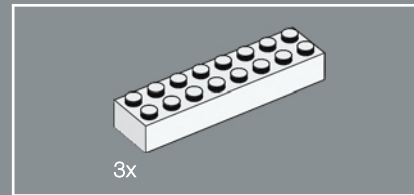

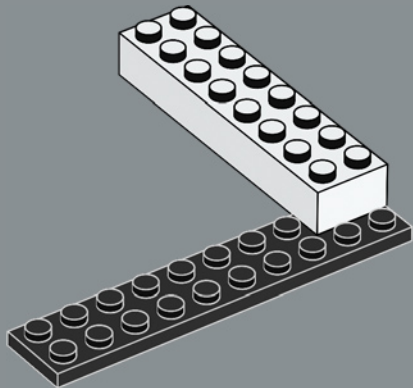

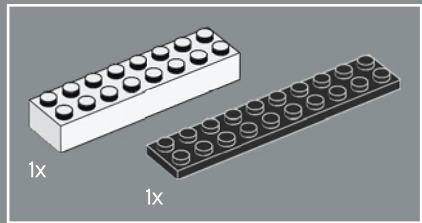

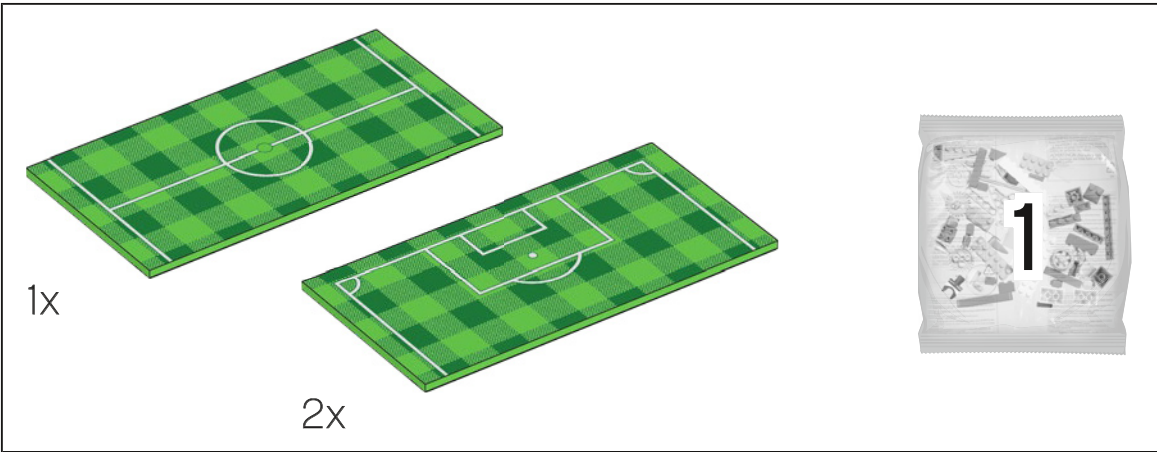

**Milan Madge, LEGO® Designer.**
